No person shall transfer agricultural land or one or more parcels adjacent to agricultural land until the following disclosure in the form required by subparagraph (b) of Civil Code Section 1102.6(a) is made in writing to the transferee and a copy of the text of [Section 18.08.040](#) of this code in effect at the time of the transfer is provided to the transferee. Napa County has determined that the highest and best use for agricultural land as defined below is to develop or preserve said lands for the purposes of agricultural operations and it will not consider the inconveniences or discomforts arising from agricultural operations to be a nuisance if such operations are legal, consistent with accepted customs and standards and operated in a non-negligent manner.

If property you own or are purchasing or may purchase in the future is located close to agricultural lands or within agricultural lands, you may be subject to inconveniences or discomfort arising from agricultural operations. Such discomfort or inconveniences may include, but are not limited to: noise, odors, dust, chemicals, smoke, insects, operation of machinery during any 24-hour period, aircraft operation, and storage and disposal of manure. One or more of the inconveniences described above may occur even in the case of an agricultural operation which is in conformance with existing laws and regulations and locally accepted customs and standards. If you live near an agricultural area, you should be prepared to accept such inconveniences or discomfort as a normal and necessary aspect of living in a county with a strong rural character and a healthy agricultural sector.
