

## **Napa County to hold Community Outreach Meeting to inform Residents about State Minimum Fire Safe Regulations & Napa County Standards:**

The Board of Forestry and Fire Protection recently adopted the 2021 State Minimum Fire Safe Regulations, which apply to lands designated in the State Responsibility Area (SRA) and, since July 1, 2021, in the Local Responsibility Area (LRA) Very High Fire Hazard Severity Zone (VHFHSZ). The SRA and VHFHSZ cover approximately 75% of Napa County.

Napa County's Planning, Building and Environmental Services Department and Fire Marshal's office will hold a community outreach meeting to provide information on:

- 1 Recommendations presented to the Board of Supervisors and the Board's direction regarding rule changes pursuant to the adopted State Minimum Fire Safe Regulations, 2021.
- 2 Regulatory changes in Napa County to ensure local regulations equal or exceed the State Minimum Fire Safe Regulations;
  - a Napa County Road & Street Standards
  - b Zoning Code;
  - c Fire Code;
  - d Addressing guidelines;
- 3 The process for development applications and land use entitlements within the covered areas.

The goal of the State Minimum Fire Safe Regulations is to reduce the risk to life and property due to wildfires in the SRA and the LRA VHFHSZ. The goal of Napa County is to provide an effective and open process by collaborating with you and others in implementing these new requirements. Napa County encourages comments and participation from the public. If you are not able to make this session, a public hearing will be given to the Board of Supervisors on December 6, 2022.

**WHEN AND WHERE:**

Thursday, November 17, 2022

2:00 PM – 4:00 PM
